

California Commission on Teacher Credentialing

Round 2 Request for Applications Planning for Four-Year Integrated Programs Leading to a Baccalaureate Degree and Teaching Credential

Integrated Teacher Preparation Program Planning Grant

Available Funding

Integrated Teacher Preparation Program Planning Grants of up to \$250,000 each are available for regionally accredited institutions of higher education (IHEs) to develop plans for the creation of one or more four-year integrated teacher preparation programs that lead to more credentialed teachers in identified shortage fields of special education, bilingual education, science, health, computer science, technology, engineering, mathematics, transitional kindergarten, or kindergarten and/or integrated programs that partner with a California Community College. Commission staff anticipates that not all of the \$20 million will be awarded as a result of applications that were due February 13, 2023. Therefore, a second round of planning and implementation grants with Requests for Applications for both Integrated Teacher Preparation Program Planning and Integrated Teacher Preparation Program Implementation and Expansion grants are being re-released simultaneously in March 2023.

Who Is Eligible to Apply?

Any regionally accredited institution of higher education (IHE) may apply. Eligible applicants are not required to offer a Commission-approved subject matter program to apply for this grant.

Project Period

Upon grant award through June 1, 2025.

Due Date for Receipt of Complete Applications

April 7, 2023, by 5:00 p.m.

Complete applications received after that date and time will not be accepted or considered.

Request for Applications

Integrated Teacher Preparation Program

Planning Grants

Section I: Introduction

This Request for Applications (RFA) is to provide grant awards of up to \$250,000 for regionally accredited institutions of higher education (IHEs) to plan for the creation of four-year integrated teacher preparation programs that:

- lead to more credentialed teachers in identified shortage fields of special education, bilingual education, science, health, computer science, technology, engineering, mathematics, transitional kindergarten, or kindergarten, and/or
- partner with a California Community College to develop an integrated program.

Currently, regionally accredited institutions of higher education (IHEs) may offer an integrated teacher preparation programs that allow a student to concurrently earn a) a preliminary multiple subject or single subject teaching credential, PK-3 early childhood education specialist instruction credential, or an education specialist instruction credential authorizing the holder to teach special education, and b) a baccalaureate degree, including student teaching requirements, in four or five years. The 2022-2023 Committee on Budget, Education Finance: Education Omnibus Budget Trailer Bill, AB 181 ([Appendix A](#)), authorizes the Commission on Teacher Credentialing to allocate one-time grants to regionally accredited institutions of higher education (IHEs) to plan to implement a four-year integrated teacher preparation program, including student teaching, and/or to adapt an existing Commission-approved five-year integrated teacher preparation program to a four-year program.

Note: Applicants may submit a proposal for a concurrent multiple or single subject/education specialist integrated program of 4.5 years duration, but candidates must be able to earn at least one credential within the initial four-year program period and the second credential within the additional half-year.

The intent of the Integrated Teacher Preparation Program Planning Grant is to support building the capacity to implement and operate an effective four-year integrated teacher preparation program. Offering an integrated program of professional preparation requires intensive collaboration among subject matter departments and education units within regionally accredited institutions of higher education, California Community College(s), and local education agencies (LEAs).

The Integrated Teacher Preparation Program Planning grant must be used to support the applicant IHE in developing a program that addresses all preparation requirements for the target teaching credential(s). As required by the Commission's adopted [Teacher Preparation Program Standards](#), the program must also prepare the candidates to teach the State Board-adopted academic content standards, using the content pedagogy addressed within the California frameworks.

Allowable Activities and Use of Funds

The 2022-2023 AB 181 legislation ([Appendix A](#)) authorizes the Commission to allocate up to \$20 million for integrated teacher preparation program planning and implementation grants. Grant awards shall not exceed \$250,000 per grant recipient for Integrated Teacher Preparation Program Planning Grants. Grant funds will be awarded through June 1, 2023, and grantees will have until June 1, 2025, to liquidate grant funds.

A regionally accredited institution of higher education awarded an Integrated Teacher Preparation Program Planning Grant may use the grant funds to create a new four-year integrated program of professional preparation or to adapt an existing five-year integrated program of professional preparation to a four-year integrated program of professional preparation. In addition, a regionally accredited institution of higher education (IHE) awarded an Integrated Teacher Preparation Program Planning Grant may use grant funds for any proper purpose in support of planning for a four-year integrated program of professional preparation, including, but not limited to:

- providing faculty release time to redesign existing courses,
- providing stipends for program coordinators to assist in collaboration with subject-matter professors and pedagogy professors,
- creating summer courses for students in a four-year integrated program of professional preparation, and
- recruiting individuals for participation as students in four-year integrated programs of professional preparation.

Applicants should indicate their expected starting year for implementation of the Integrated Teacher Preparation Program resulting from the planning process in their responses to the selection criteria, as explained below.

A regionally accredited institution of higher education that previously received an Integrated Teacher Preparation Program Planning Grant may apply for a new planning grant if the institution reports on the implementation timeline and status of the program established with the integrated Teacher Preparation Program Grant (2016) funding previously received **and** proposes any of the following:

- expansion of integrated teacher preparation program capacity,
- new integrated teacher preparation programs in other credentialing fields, or
- new California Community College partnerships.

Additional Information for Applicants

The Teacher Preparation Program Planning Grant funding must be encumbered by the Commission by June 1, 2023 and the funds must be expended by the grantee by June 1, 2025. Planning grantees who also apply for and are awarded Integrated Teacher Preparation Program Implementation/Expansion Grant funds may continue to operate and expend funds from both grants concurrently and have until June 1, 2025 to complete the activities described in the response to the selection criteria.

Key Dates in the Application Process

Date	Activity
March 3, 2023	Request for Applications (RFA) issued
March 13, 2023	Written questions about the RFA due to the Commission
March 13, 2023	Intent to Apply due (optional)
March 20, 2023	Responses to written questions posted and distributed
April 7, 2023	RFAs must be received by the Commission by 5:00 pm.
April 10, 2023 – May 4, 2023	Review of applications
May 5, 2023	Announcement of Grant Awards

Notice of Intent to Apply

Entities with an interest in responding to this RFA are encouraged to submit an Intent to Apply ([Appendix B](#)) via email to IntegratedGrants@ctc.ca.gov by **March 13, 2023**. The purpose of this notice is to inform the Commission of interested applicants so that any additional information about the RFA may be provided, including responses to written questions (see below). Submission of an Intent to Apply form is not a promise or obligation to submit an application, and a lack of submitting an Intent to Apply form does not disqualify or preclude an applicant from submitting an application in response to this RFA.

How to Submit Written Questions about this RFA

Applicants who have questions about information contained in this RFA may submit questions via email with “Integrated Program Planning Grant Questions” in the subject line **by March 13, 2023**, to: IntegratedGrants@ctc.ca.gov. Questions submitted after that date may not be answered.

Responses to written questions submitted by the deadline will be distributed to those who have submitted the Intent to Apply form and will also be posted on the Commission’s website on the [Integrated Program](#) reference page.

Section II: Definitions of Terms as Used in this Request for Applications (in alphabetical order)

Term	Definition as Used in this RFA
Administration Costs	Use this budget line item for any administrative costs charged to the grant, including but not limited to, salary and benefits. This could also include costs of operating the grant program that may include personnel, facilities, and other related costs to administer the grant program as designed by the grantee.
Consultant/ Technical Support Provider	Use this budget line item for the costs of working with expert consultants to help plan and design the expanded or new Integrated Program, assist with providing training or other professional development staff/faculty, and assist with other planning-related activities to help develop the capacity of the IHE to implement the planned Integrated Program.
Encumbrance	A planned expenditure of grant funds.
IHE Faculty Release Time	Use this budget line item to indicate the positions of any personnel who will be released to work on the grant and the amount/percentage of release time that will be paid by the grant funds.
IHE Personnel Release Time	Use this budget line item for the costs of providing release time to IHE personnel for their non-program administration work within the integrated Program Planning Grant Program.
IHE Personnel Salaries	Use this budget line item for any salary costs for IHE personnel for their non-program administration work within the Integrated Program Planning Grant Program.
IHE Personnel Stipends	Use this budget line item for any stipends paid to IHE personnel for their non-program administration work within the Integrated Program Planning Grant Program.
Integrated Program Planning Grant	A state grant program authorized under the provisions of AB 181 that provides funding for planning for the development of integrated programs for teacher preparation.
Integrated Teacher Preparation Program	An “integrated teacher preparation program” shall enable candidates for teaching credentials to engage in professional preparation, concurrently with subject matter preparation, while completing baccalaureate degrees at regionally accredited institutions of higher education. An integrated program shall provide opportunities for candidates to complete intensive field experiences, including student teaching, in public schools maintaining prekindergarten, kindergarten, or any of grades 1 to 12, inclusive, early in the undergraduate sequence (Per authorizing legislation, see (a)(1) on Appendix A.)

Term	Definition as Used in this RFA
Other	Use this budget line item for any additional budget line items with associated expenditures. For any added category, provide an appropriate title and a narrative explanation of the category including how the related costs were determined.
Recruitment Activities	Use this budget line item to indicate any recruitment activities not otherwise accounted for in the Personnel and/or the Release Time categories and describe the type(s) and amount(s) of expenditure(s).
Travel	Use this budget line item to indicate any travel expenses necessary to accomplish the activities of this grant as allowable by your institution.

Section III: How to Respond to this RFA

Components to be Addressed in the Applicant's Response

Regionally accredited institutions of higher education (IHEs) interested in applying for an Integrated Teacher Preparation Program Planning Grant must provide narrative responses to the required elements of this Request for Applications (RFA) as described in the selection criteria below. In order to be considered, responses must include all the components indicated in the Selection Criteria for Applicant Responses below, which will serve as the evaluation criteria.

Complete responses to this RFA must be received by the Commission on Teacher Credentialing according to the submission information provided in Section III no later than **5:00 p.m. on April 7, 2023**.

Responses must include an **Application Cover Page** ([Appendix C](#)) that identifies key contact persons (with name, title, email, and phone) at the applicant entity, and the contact information and signature of the fiscal agent with authority to sign a Grant Award Agreement.

Important note: *The Commission will use the contact information provided on the cover page as the sole point of contact for each grantee. Please carefully select the individual who will be responsible for all communications relating to the grant application and, if successful, for the grant program when funded.*

Format and Length of the Application

Applications must be formatted to an 8 ½ x 11 page, with one inch margins on all sides, using a standard font of not less than 12 point. Pages may be double or single spaced. The suggested maximum length of an application narrative is not more than 30 double-spaced or 15 single-spaced pages, **not including** required appendices, forms, and budget information. Conciseness and brevity are appreciated to the greatest extent possible.

Selection Criteria for Applicant Responses

Directions: Provide a narrative response to each of the following selection criteria. Responses should be focused, concise, and provide sufficient but not overly extensive information to substantiate how the applicant's proposed Integrated Teacher Preparation Program Grant addresses the specified criteria.

1. Overview of the Intended Four-Year, Integrated Teacher Preparation Program (20 points)

1. **Teacher Preparation Pathway(s):** Choose one of the following two options to respond to:
 - i. Describe the regionally accredited institution of higher education's current Commission-approved teacher preparation program(s) and pathway(s) and, the Commission-approved subject matter preparation programs related to the intended Integrated Teacher Preparation Program.

OR

- ii. If the regionally accredited institution of higher education does not currently have Commission-approved teacher preparation program(s) and pathway(s), then describe which teacher preparation pathway(s) will be created for the integrated program.

2. **Timelines:** Choose one of the following two options to respond to:

- i. Eligible applicants previously awarded an Integrated Teacher Preparation Planning Grant (2016) must describe the implementation timeline and status of the integrated teacher preparation program established with the grant funding previously received **and** propose any of the following:
 - i. Expansion of integrated program capacity,
 - ii. New integrated programs in other credentialing fields, or
 - iii. New California Community College partnerships.

OR

- ii. If the institution was not previously awarded an Integrated Teacher Preparation Planning Grant (2016) then describe the intended implementation timeline of the new integrated program.

3. **Type of Integrated Program:** Choose one of the following two options to respond to:

- i. For applicants applying to adapt an existing integrated teacher preparation program from a five-year to a four-year program, describe the credential area(s) to be addressed and provide an overview of the planning process to adapt the program from a five-year integrated program to a four-year integrated program, including which elements of the current five-year program will be adapted.

OR

- ii. For applicants applying to plan for a new, four-year integrated teacher preparation program, describe the purpose, credential area(s), need for, and the length of the integrated program of professional educator preparation for which you are applying.

2. IHE collaboration with LEAs and other constituency groups

(15 points)

- a. Describe proposed activities that will result in an intensive collaboration among subject matter departments and education units within and across regionally accredited IHEs, Local Education Agencies (LEAs), and (as applicable) California Community College(s). Activities may also include but are not required to incorporate strategies to eliminate duplicative coursework and development of undergraduate Integrated Teacher Preparation Pathways.

- b. Describe how the collaborative efforts will support a sustainable Integrated Teacher Preparation Program model including such elements as: a shared vision between the institution of higher education's (IHE's) departments/programs/schools, a recruitment strategy for students in the integrated program(s), an MOU and/or ratified articulation agreement between the IHE and the California Community College(s) (as applicable), a plan for program evaluation, a vision of an effective integrated program completer, a financial model, candidate admissions requirements, faculty, etc.

3. Target candidates for the planned Integrated Teacher Preparation Program
(5 points)

Describe how the regionally accredited institution of higher education (IHE) will identify and recruit potential candidates into the Integrated Teacher Preparation Program, including those for the identified shortage fields of special education, bilingual education, science, health, computer science, technology, engineering, mathematics, transitional kindergarten, or kindergarten, and/or how the IHE will identify and recruit potential candidates from a California Community College.

4. Planning for a four-year or adapt an existing integrated program of professional preparation
(15 points)

- a. Describe how the regionally accredited institution of higher education (IHE) will design, develop the capacity for, and be ready to implement an adapted or new Integrated Teacher Preparation Program. Applicants may provide a table indicating the proposed planning activities and the participants from the IHE and California Community College(s) (as applicable) for each planning activity in response to this criterion. Indicate the academic year the IHE intends the integrated program(s) will begin.
- b. Describe and provide data to support the local need for planning and implementing an integrated teacher preparation program that meets the criteria of i and/or ii:
 - i. Develops teachers in the designated shortage fields of special education, bilingual education, science, health, computer science, technology, engineering, mathematics, transitional kindergarten, or kindergarten. Descriptions may include but are not limited to:
 - a. a description of prior efforts to meet local needs,
 - b. current local needs, and
 - c. the specific needs to be addressed in the proposed Integrated Planning Grant Program, including the number of special education, bilingual education, science, health, computer science, technology, engineering, mathematics, transitional kindergarten, or kindergarten teachers currently serving on less than a preliminary teaching credential.
 - ii. [Partners with a California Community College](#) – see (e)(1)(A) and (C)(ii).
- c. Provide a plan for coordination with existing sources of candidate financial support, such as the [Golden State Teacher Grant Program](#) (established pursuant to Article 5.1 commencing with section 69617 of Chapter 2 of Part 42 of Division 5 of Title 3), and other forms of financial aid.

5. Key Program Personnel and Shared Program Governance

(15 points)

- a. Provide a chart or graphic that identifies:
 - i. key faculty and staff to be involved in the integrated teacher preparation program planning process. Include position title, roles and responsibilities, and the full time equivalent (FTE) of each position that will be devoted to grant activities. Identify who will be responsible for:
 1. managing the Integrated Teacher Preparation Program Planning Grant and ongoing communication with the Commission about the grant,
 2. managing the fiscal aspects of the program,
 3. providing the required project data,
 4. signing the Grant Award Agreement so funds can be disbursed to the institution, and
 5. assuring that Integrated Teacher Preparation Program Planning Grant functions as a consistently shared responsibility between all involved in the grant.
 - ii. other key staff who may not have direct program administration responsibilities but who will have important roles in implementing the Integrated Teacher Preparation Program Grant. Include position title, roles and responsibilities, and the full time equivalent (FTE) of each position that will be devoted to grant activities.
- b. Describe the intended relationship between and governance of the project within and among the constituents in terms of internal oversight, management, and reporting.

6. Assurances and Timelines

(10 points)

- a. Assurances

Applicants must provide statements of assurance for all the following, per authorizing legislation:

- i. If funded, they will respond to the Commission's requirements to collect and submit data as required. Data requests include but are not limited to credential areas explored, articulation agreements with California Community College(s), successes, challenges, lessons learned, and the potential to apply for Integrated Program Implementation/Expansion grants.
- ii. A commitment to implement an integrated program of professional preparation.
- iii. A plan for recruitment and retention of candidates for educator shortage areas, and/or a plan for collaborating with a California Community College.
- iv. Coordination with existing sources of candidate support, such as the Golden State Teacher Grant Program and other forms of financial aid.
- v. Demonstrated commitment to expand enrollment in, and access to, teacher preparation programs, including enrollment in programs of integrated professional preparation.

b. Timelines

Applicants should indicate the expected timelines for all significant grant activities and events by quarter and by year for the project period, including the expected date for completion of the planning phase. Applicants may submit a table of expected timelines in response to this criterion. Please include projected dates for:

- i. Completion of the planning process,
- ii. Recruitment of the initial cohort of teacher candidates for the Integrated Teacher Preparation Program,
- iii. Enrollment of the initial cohort of teacher candidates in the Integrated Teacher Preparation Program preparation pathway,
- iv. The starting school year for the first cohort of teacher candidates (e.g., 2023-24, 2024-25), and
- v. Readiness to apply for an Integrated Teacher Preparation Program Implementation grant in upcoming competitions (if applicable).

7. Budgets and Budget Narratives

(20 points)

- a. Provide a Budget Summary ([Appendix F](#)) for each planned year of the project (one or two years). Note that grant funds must be encumbered by June 1, 2023 and must be liquidated by June 1, 2025.
- b. Provide a budget narrative explaining how each of these costs was determined. Applicants should consider the most efficient and effective use of time, fiscal resources, material resources, and the expertise and preparation of those involved in planning and implementing the Integrated Teacher Preparation Program Planning Grant when determining costs to be funded by the grant.

Note: The funding legislation authorizes the use of Integrated Teacher Preparation Program Planning Grant funds for any proper purpose in support of planning and developing a four-year integrated teacher preparation program including, but not limited to, any of the following activities:

- providing faculty release time to redesign existing courses,
- providing stipends for program coordinators to assist in collaboration with subject-matter professors and pedagogy professors, and
- creating summer courses for students in a four-year integrated program of professional preparation
- recruiting individuals for participation as students in four-year integrated programs of professional preparation.

Summary of the Selection Criteria

Application Component	Maximum Points
1. Overview of the Integrated Program of professional preparation	20
2. Collaboration with LEAs, IHE departments/programs/schools, and California Community Colleges	15
3. Target candidates for the planned integrated program	5
4. The Planning Process	15
5. Key Program Personnel and Shared Program Governance	15
6. Timelines and Assurances	10
7. Budget and Budget Narrative	20
Total	100

Section IV: Mandatory Data Collection and Reporting Requirements

Each regionally accredited institution of higher education (IHE) grantee will need to collect, analyze, and report the following data to the Commission at the conclusion of the grant:

- A description of the planned partnerships for development of an Integrated Teacher Preparation Program.
- A description of how the integrated teacher preparation program addressed identified teacher shortage areas and/or a copy of the ratified articulation agreement for teacher preparation coursework between one or more California Community College(s).
- A description of the challenges and lessons learned that arose from the integrated teacher preparation program planning process.
- A plan for providing program and outcome data for at least five years after the implementation of the integrated teacher preparation program. The information shall include program design and features and any other information the Commission may require for documenting the effect of the grant and identifying effective practices in program design and implementation (Per AB 181, see [Appendix A](#)).

Section V: Application Submission, Review, and Funding Considerations

How to Submit the Application

Applicants who wish to compete for funding for an Integrated Teacher Preparation Program Planning Grant must submit an electronic copy of the entire grant application including Appendices.

All applications must be emailed and received by the Commission by 5:00 p.m. on April 7, 2023. Paper copies of the application are not required. Applications received after this time will not be accepted, reviewed, or evaluated.

Email an electronic copy to: IntegratedGrants@ctc.ca.gov

Application Review and Award Processes

Applications received by the submission deadline will first be reviewed for technical compliance with the application instructions and completeness in responding to all required information. Applications that meet this screening will then be read by a team of Commission staff members and rated according to the RFA scoring criteria.

A recommendation for awarding the grants will be made to the Commission's Executive Director. Selected grantees will receive a grant award letter from the Commission with grant acceptance conditions to be signed and returned to the Commission. Further information about the grant process will then be provided to grantees.

Funding Considerations

Grantees are required to make appropriate progress in implementing the integrated teacher preparation program planning process according to the operational plan provided in their funded application. Additionally, grantees are required to provide data by stated due dates when reports are requested by the Commission. Failure to comply with funding terms or reporting requirements will put future grantee funding opportunities at risk.

Funds to grantees will be distributed in two payments. Upon approval of the application, the first payment provided will be 90% of the total budget amount. The second payment of 10% of the total budget amount will be provided to grantees after the program has successfully completed and reported its proposed activities.

Appendix A

Authorizing Legislation

[Fillable Appendices](#)

2022-2023, AB 181, Education Finance: Education Omnibus Budget Trailer Bill

SEC. 50.

Section 44259.1 of the Education Code is amended to read:

(a)(1) An integrated program of professional preparation shall enable candidates for teaching credentials to engage in professional preparation, concurrently with subject matter preparation, while completing baccalaureate degrees at regionally accredited institutions of higher education. An integrated program shall provide opportunities for candidates to complete intensive field experiences, including student teaching, in public schools maintaining prekindergarten, kindergarten, or any of grades 1 to 12, inclusive, early in the undergraduate sequence. The development and implementation of an integrated program shall be based on intensive collaboration among subject matter departments and education units within regionally accredited institutions of higher education and local public elementary and secondary school districts.

(2) A regionally accredited institution of higher education may offer a four-year or five-year integrated program of professional preparation that allows a student to earn a baccalaureate degree and a preliminary multiple or single subject teaching credential, early childhood specialist credential, or an education specialist instruction credential authorizing the holder to teach special education, including student teaching requirements, concurrently and within four or five years of study.

(3) The commission shall encourage regionally accredited institutions of higher education to offer integrated programs of professional preparation that follow the guidelines developed pursuant to this section. In approving integrated programs, the commission shall not compromise or reduce its standards of subject matter preparation pursuant to Article 6 (commencing with Section 44310) or its standards of professional preparation pursuant to paragraph (3) of subdivision (b) of Section 44259.

(4) The commission shall, as part of its accreditation process, collect information about integrated programs of professional preparation, including which regionally accredited institutions of higher education offer integrated programs of professional preparation and the number and type of credentials the programs produce.

(b) (1) Commencing with the 2005–06 school year, an integrated program offered by the California State University shall be designed to concurrently lead to a preliminary multiple subject or single subject teaching credential, early childhood specialist credential, or an education specialist instruction credential authorizing the holder to teach special education, and a baccalaureate degree. Recommendation for each shall be contingent upon satisfactory completion of the requirements for each.

(2) By July 1, 2004, the Chancellor of the California State University, in consultation with California State University faculty members, shall develop a framework defining appropriate balance for an integrated program of general education, subject matter preparation, and professional education courses, for both lower division and upper division students, including an appropriate range of units to be taken in professional education courses. In developing the framework, the Chancellor of the California State University and California State University faculty members shall consult with the Academic Senate for California Community Colleges on matters related to the effective and efficient use of, and appropriate role for, lower division coursework in an integrated program.

(c) (1) By January 1, 2005, the Chancellor of the California State University and the Chancellor of the California

Community Colleges shall collaboratively ensure that both of the following occur:

(A) Lower division coursework completed by a community college student transferring to a California State University integrated program is articulated with the corresponding coursework of the California State University.

(B) The articulated community college lower division coursework is accepted as the equivalent to the coursework offered to students who enter that integrated program as freshman students.

(2) Commencing with the 2005–06 school year, each campus of the California State University shall invite the community colleges in its region that send significant numbers of transfer students to that campus to enter into articulation agreements. These articulation agreements shall be based on a fully transferable education curriculum that is developed pursuant to the framework developed under paragraph (2) of subdivision (b). Approval of one or more of the articulation agreements shall enable the coursework of a community college student to be accepted as the equivalent to the coursework offered to students who enter that integrated program as freshman students.

(d) A postbaccalaureate program of professional preparation may only be offered by a regionally accredited institution of higher education. These programs shall enable candidates for teaching credentials to commence and complete professional preparation after they have completed baccalaureate degrees at regionally accredited institutions of higher education. The development and implementation of a postbaccalaureate program of professional preparation shall be based on intensive collaboration among the regionally accredited institutions of higher education and local public elementary and secondary school districts.

(e) (1) (A) The commission shall develop and implement a program to award, on a competitive basis, planning grants of up to two hundred fifty thousand dollars (\$250,000) each to regionally accredited institutions of higher education for the development of plans to guide the creation of four-year integrated programs of professional preparation, including student teaching, that lead to more credentialed teachers to teach, with an emphasis on the shortage fields identified in clause (i) of subparagraph (C) of paragraph (2).

(B) A regionally accredited institution of higher education awarded a planning grant under this paragraph may use the grant funds to create a new four-year integrated program of professional preparation or to adapt an existing integrated program of professional preparation to a four-year integrated program of professional preparation.

(C) A regionally accredited institution of higher education awarded a planning grant under this paragraph may use grant funds for any proper purpose in support of planning for a four-year integrated program of professional preparation, including, but not limited to, any of the following:

(i.) To provide faculty release time to redesign existing courses.

(ii.) To provide stipends for program coordinators to assist in collaboration with subject-matter professors and pedagogy professors.

(iii.) To create summer courses for students in a four-year integrated program of professional preparation.

(iv.) To recruit individuals for participation as students in four-year integrated programs of professional preparation.

(2) (A) The commission shall develop and implement a program to award, on a competitive basis, implementation, or expansion grants of up to five hundred thousand dollars (\$500,000) each to regionally accredited institutions of higher education for any of the following purposes:

(i.) Developing a new integrated program of professional preparation as specified in subparagraph (C).

(ii.) Establishing a new partnership with California Community Colleges to create four-year integrated programs of professional preparation.

(B) The commission shall conduct outreach to eligible institutions to encourage applications to develop programs in the shortage areas identified in clause (i) of subparagraph (C), and support institutions that need assistance in developing programs in these shortage areas that meet the commission's criteria.

(C) The commission shall award one-time grants pursuant to subparagraph (A) for proposals to establish new integrated programs of professional preparation that support either of the following:

- (i.)Producing teachers in the designated shortage fields of special education, bilingual education, science, health, computer science, technology, engineering, mathematics, transitional kindergarten, or kindergarten.
- (ii.)Partnering with a California Community College to create a four-year integrated program of professional preparation.

(D) A regionally accredited institution of higher education awarded a grant under this paragraph may use the grant funds to create a new four-year integrated program of professional preparation or to adapt an existing integrated program of professional preparation to a four-year integrated program of professional preparation.

(E) A regionally accredited institution of higher education awarded a grant under this paragraph may use grant funds for any proper purpose in support of implementation or expansion of a four-year integrated program of professional preparation, including, but not limited to, any of the following:

- (i.)To provide faculty release time to redesign existing courses.
- (ii.)To provide stipends for program coordinators to assist in collaboration with subject-matter professors and pedagogy professors.
- (iii.)To create summer courses for students in a four-year integrated program of professional preparation.
- (iv.)To recruit individuals for participation as students in four-year integrated programs of professional preparation.

(F) As a condition of the receipt of an implementation or expansion grant, a regionally accredited institution of higher education shall provide to the commission program and outcome data for at least five years after receiving the grant. The information shall include program design and features, the number of graduates, the number and type of credentials earned, the time taken to earn a degree and credential, and any other information the commission may require for purposes of documenting the effect of the grant and identifying effective practices in program design and implementation.

(3) The commission shall require applicants for planning grants under paragraph (1) and for implementation or expansion grants under paragraph (2) to provide assurances of all of the following:

- (A) A commitment to implement a planned integrated program of professional preparation.
- (B) A plan for recruitment and retention of candidates for educator shortage areas in subjects identified in clause (i) of subparagraph (C) of paragraph (2) in teacher preparation programs, including integrated programs of professional preparation.
- (C) Coordination with existing sources of candidate support, such as the Golden State Teacher Grant Program established pursuant to Article 5.1 (commencing with Section 69617) of Chapter 2 of Part 42 of Division 5 of Title 3, and other forms of financial aid.
- (D) Demonstrated commitment to expand enrollment in, and access to, teacher preparation programs, including enrollment in programs of integrated professional preparation.

(4) A regionally accredited institution of higher education that previously received a planning grant or an implementation or expansion grant may apply for a new grant, if the institution reports on the implementation timeline and status of the program established with the grant funding previously received and proposes any of the following:

- (A) Expansion of integrated program capacity.
- (B) New integrated programs in other credentialing fields.
- (C) New California Community College partnerships.

(5) The commission may use up to two hundred fifty thousand dollars (\$250,000) of moneys appropriated for purposes of this subdivision to administer the grants described in paragraphs (1) and (2), pursuant to Department

of Finance approval.

(6) The commission shall annually report to the appropriate fiscal and policy committees of the Legislature on any grants funded pursuant to this subdivision until funds are fully expended. In addition to the data required to be reported to the commission in subparagraph (F) of paragraph (2), the report shall also include data on the progress of community college partnerships and institutions relative to the assurances made pursuant to paragraph (3).

(7) The requirements of this subdivision are contingent upon the appropriation of funds for purposes of this subdivision in the annual Budget Act or another statute.

Appendix B

Intent to Apply for an Integrated Teacher Preparation Program Planning Grant (Optional)

[Link to Appendix B](#)

Note: The form below is provided for reference. Please access the fillable electronic version of Appendix B available on the Commission's Grant Funded Program website. Carefully read and follow the directions to complete the form and generate a PDF version that can be attached to the final application. All narrative responses and PDF appendices must be submitted as one application.

As indicated by the signature of the authorized administrator, it is the intent of the institution identified below to apply for an Integrated Teacher Preparation Program Planning Grant. The institution understands that this optional Intent to Apply must be received by the Commission **by March 13, 2023** and that submission of this form does not require or otherwise obligate the institution to submit an application to the Commission. Applicants may submit proposals to the Commission without submitting an intent form. However, those who submit an intent form will be emailed any additional information regarding the application process that may become available. A scanned copy of the signed Intent to Apply form may be emailed to IntegratedGrants@ctc.ca.gov.

Include:

- **IHE Name**
- **Name of Contact for Intent to Apply**
- **Title**
- **Signature**
- **Date**
